6% Of Adults In The United States Have Tried An E-Cigarette (OPEN MINDS Weekly News Wire Book 2013)

Dio's shortcomings and limitations are patent: bookishness, rhetorical extravagances, penchant for patterned antitheses, lack of expertise in military strategy and tactics, proneness to stereotypical descriptions of battles and sieges, studied imitation of predecessors, especially Thucydides, simplistic economics, chronological displacements, anachronisms retrojected for the structuring of paradigms and parallels as edification for his own perilous times. The collection includes thousands of photographs, miniature paintings, and maps and plans not yet numbered.
