## **UQ Holder! #109**

What they really fear is his commitment to the rule of law. It is relatively common for a Collector Dom to attempt to collar a submissive mere minutes after meeting her for the first time in an online chat room or on a BDSM social network, which sometimes results in the so-called Dom being comically unaware of his own submissives' ages, genders, or even their names.

## **GRANDMA FIGHTS THE BED BUGS!**

State Library of VictoriaAustralia. The basic problem goes even deeper: it is the way that humanity has taken up technology and its development according to an undifferentiated and one-dimensional paradigm.
